Malleable Iron:

Material Properties

Malleable Iron product with exceptional elongation and deformation properties corrosion resistance, and shock absorption.
Malleable Iron is also extremely impact resistant and durable.

Product Categories

Product for Rigid, EMT, Flexible Metal Conduit and Liquid

Finish

Zinc electroplated for enhanced corrosion resistance and extended life in areas that may be exposed to salt water and a variety of chemicals.

Applications

Used in applications requiring exceptional strength such as warehouses, outdoor buildings, bridges and airports.
Also used in power distribution applications.
